Joe Kertzman : Building the Everyday Work Knife: Build your first knife using simple knife making tools and methods before purchasing it in order to gage whether or not it would be worth my time, and all praised Building the Everyday Work Knife: Build your first knife using simple knife making tools and methods:

4 of 4 people found the following review helpful. Simple is betterBy Gregory DentonI really liked this book because it had a lot of good information in it.this book also has simple to follow instructions and I think its very well written.0 of 0 people found the following review helpful. Good book!By pierceweldingGood reference for the beginner knifemaker. I found the section on handles very helpful. A must have for any knifemaker1 of 1 people found the

following review helpful. Good read. By James Herndon A lot of good info. Not much at writing reviews so this part is just filler to get past requirements.

Author of such books as Wayne Goddard's \$50 Knife Shop and The Wonder of Knifemaking, Wayne Goddard takes you through his proven process of making the everyday working knife. Goddard speaks the language of ordinary people who like to use knives they've made themselves.
