Pauline Johnstone : Byzantine Tradition in Church Embroidery (Chapters in Art) before purchasing it in order to gage whether or not it would be worth my time, and all praised Byzantine Tradition in Church Embroidery (Chapters in Art):

4 of 4 people found the following review helpful. Must Have Resource for Medieval EmbroideryBy J. BeebeThis book is a must have for those studying medieval and ecclesiastic embroidery. This book has a great overview of metalwork embroidery and some great photos with lots of closeups. Unfortunately, having been written when it was, the black and white photos make it difficult to see some of the detail, but this doesn't detract from the books usefulness as source material for this area and time-period of study.
