So glad I did it's fun, whimsical and unique. I just wish the pages were perforated to remove easier. Other than that the pages are a little thin. Overall the design and images are worth the drawbacks I would recommend this to anyone at any age. 2 of 2 people found the following review helpful. Awesome. By Customer My daughter absolutely loves every page of this book. She is addicted to coloring these. This purchase is completely something I cannot see anyone regretting. 2 of 2 people found the following review helpful. Beautiful Coloring Pages By Karie Every page just makes me so happy to color! It just gets even more adorable when it's colored. I love that each design doesn't have a double front and back side print so I can slip a folder under each page and not worry about bleeding with markers and ruining another image.

Absolutely worth every penny and her inspiration for each picture on the back I found really cute and helped me envision colors better too.
