**Porter Bibb : CB Bible** before purchasing it in order to gage whether or not it would be worth my time, and all praised CB Bible:

0 of 0 people found the following review helpful. Four StarsBy Tracey L. BirdGood book on the history of CB and the basics.0 of 2 people found the following review helpful. No description.....By CjhoneyThis book took forever to get to me and actually was the wrong book. My bad for buying a product without a description i guess.0 of 0 people found the following review helpful. CB BibleBy ShaunI have bought a few books on CB radios but this one is a little bit different from the rest. It has chapters like the other books on how to buy a CB, CB language, ect. This book also goes into how it came about, Real stories about CB radios. 2 guys were arguing over who could keep the handle Channel Hog. They went to a parking lot pulled guns on each other, One ended up dead the other in jail for murder. You can't believe something like that could happen. How truckers got to using CB's. It is a very interesting book to read it you are interested in CB radios or you already have one.
