**frances robotti : Chronicles of Old Salem; a History in Miniature** before purchasing it in order to gage whether or not it would be worth my time, and all praised Chronicles of Old Salem; a History in Miniature:

4 of 4 people found the following review helpful. Chronicles of Old Salem: A History in MiniatureBy Tami BrandtHere in the most selective form is covered the colonial expansion of England during which Massachusetts was founded. The growth of Salem is traced frm 1626 to 1932 against the state and national scene. The author traces the history of witchcraft from 1484, when a Papal decree made it a crime, to Salem's participation in the mass madness. The book covers the Quaker whippings, the military disaster of King Philip's war for Indian and white survival, the privateering years in which Salem became so great a sea power that Salem meant America in exotic ports of the world.Comprehensive in scope, the book is authenticated by leading scholars in America and England, contains bibliography, index, addenda, and is illustrated with twenty-eight selections from the Essex Collections.
