10 of 11 people found the following review helpful. Fabulous Flower Design BookBy SassyI was excited to receive this book but was extremely happy when I received it. I love making flowers but this book is going to take my flower making to a new level. The color photos are AMAZING with easy to follow directions. The patterns are super easy to copy and resize if you want to. There are so many different flowers from a variety of materials, including materials I never would have thought to use. The different roses are incredible but there many different flowers. I am so happy that I purchased this book. If you love to make flowers, you should buy this book.1 of 1 people found the following review helpful. Great Book!By txpathdocThe pictures and templates are awesome, and LOVE that it is spiral bound (but NOT) flimsy so it lays flat when copying the templates. Wish it had a little more detailed instructions regarding technique as I am a newbie to this, but nonetheless, my first rose was beautiful! Also including the resources for the crepe paper was invaluable, as doublet crepe paper is not as easy to find.0 of 0 people found the following review helpful. GREAT How To BookBy BarbaraGreat book. Very clear and easy to understand. I made samples of the

flowers that were chosen by the group so they could see what it looked like in person and they could be examine how to glue it together.

Learn how to make 100 beautiful flowers, from lifelike to fanciful, with *How to Make 100 Paper Flowers!* These creations are perfect for weddings and other celebrations, and this comprehensive guide brings you a wide variety of techniques and styles.
