Ethel Brostrom : How to Make Draperies and Slipcovers - Including Bedspreads, Curtains, Lampshades and Their Use in Home Decoration before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Make Draperies and Slipcovers - Including Bedspreads, Curtains, Lampshades and Their Use in

Home Decoration:

2 of 2 people found the following review helpful. more than I want to knowBy Jena#39; HatchettThis book is choke full of information and instructions. But I found the approach of the writer to be disorganied and tedious. Some chapters were too brief. This book assumes much more than basic sewing skills. You would need experience in creative sewing to use this book. I am an advanced seamtress and probably could have found useful things here, but I preferred to find something else. I returned the book after looking it over.

This classic book contains a wealth of information on the subject of making draperies and slipcovers. With many designs, hints and tips available, this book will make a great addition to the bookshelf of anyone with an interest in the subject.
