Jessica Sharpe : How to Make Jewelry Charms from Polymer Clay: 50 Exquisite Projects and Full Instructions for All Skill Levels before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Make Jewelry Charms from Polymer Clay: 50 Exquisite Projects and Full Instructions for All Skill Levels:

0 of 0 people found the following review helpful. Four StarsBy LCA Love it0 of 5 people found the following review helpful. tryBy my toyI just am not into this. But a good book for people whom are.1 of 3 people found the following review helpful. I was really quite disappointed when looking through this book after it arrivedBy MEBI was really quite disappointed when looking through this book after it arrived. The vast majority of pieces are so basic that you really don't even need instruction for how to make them. The finished product shown in many of the pictures looked like it was completed by a young child. A child could show you one of the finished pieces and you would ooh and aah. An adult - you'd laugh. Absolutely nothing really in this book you can't locate for free online somewhere. Glad I didn't pay much for this because it's going straight to the donate pile.

The trend of creating tiny, meticulously detailed replicas of real life objects out of polymer clay is more popular than ever. A quick search online reveals stunning examples of cakes, flowers, animals, and anything else that can be imagined all no bigger than a fingertip. These miniature pieces of art are perfect for making jewelry and other custom accessories. What better way to show off one's personality than with a bracelet of tiny flip flops, popsicles, and sunglasses? In *How to Make Jewelry Charms from Polymer Clay*, clay expert Jessica Sharpe offers the essentials for creating clay charms with:

- Step-by-step instruction for 50 beautiful projects, from simple beads to intricate sculpting
- Basic tools, materials, and techniques for getting started
- Ideas for using charms on zippers, handbags, mobile phones, and other unique places
- Tips for designing and creating signature pieces

More than 400 full-color images provide instruction and inspiration.

About the Author Jessica Sharpe has been working with polymer clays for the past five years and has had several articles published about her unique charms and beads, which she sells at craft fairs and in her online Etsy shop, *Time for Tea Beads*.
