Sue Heaser : How to Make Silver Charms from Metal Clay: 50 Exquisite Projects and Full Instructions for All Skill Levels before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Make Silver Charms from Metal Clay: 50 Exquisite Projects and Full Instructions for All Skill Levels:

0 of 1 people found the following review helpful. Filled with lots of info, resources and great ideas for metal clay art! By Melinda buys Great book! Loved it! Learned a lot and will refer to it often! Good reference and idea book 3 of 8 people found the following review helpful. Nice book By R. Shaffer I wanted to make charms with metal clay and this has good clear instructions and photos to get me started.

Charm bracelets are more popular than ever. These customizable pieces of jewelry are a wonderful way for the wearer to express themselves and show their personality. But buying or making the intricate silver charms can be costly. Now it's possible to create beautiful one-of-a-kind silver charms without the extensive cost and no silver-smithing skills needed! In *How to Make Silver Charms from Metal Clay*, internationally renowned artist, author and polymer clay specialist Sue Heaser shows readers how to create intricate silver charms from keys and padlocks to fairies and animals using metal clay. Offers a well-rounded overview of this simple (yet seemingly magical) process that includes: Step-by-step instructions for 50 beautiful projects An overview of the necessary tools and materials Guidance for essential

skills like molding, finishing and firing Design methods for beginners as well as more experienced sculptors Ideas for creating your own signature pieces This inspirational book is sure to be a favorite among hobbyists and jewelry makers who are looking for new ways to expand their craft. Includes more than 400 full-color illustrations.

About the Author Sue Heaser is an internationally renowned artist, author and teacher who has been working in polymer clays for more than 25 years. She has published over a dozen craft books and has taught metal clay and polymer clay workshops all over the world.
