**Alan Bridgewater : How to Make Simple Wooden Puzzles and Jigsaws** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Make Simple Wooden Puzzles and Jigsaws:

This volume is for all those who like the challenge of puzzles. It features eight traditional and original puzzle and jigsaw projects which can be successfully achieved by an experienced woodworker or a complete novice. Each project gives detailed text, scaled drawings and step-by-step illustrations. The projects include a herd of elephants that link trunk-to-tail; a set of gymnasts that cling together to form amazing shapes; a mysterious jigsaw that interlocks to create a family of cats; and a tiny cube puzzle that is easy to take apart, but fiendishly difficult to put together. The finished

puzzles are practical, decorative and safe and hard-wearing for children.
