Bruce A. Chubb : How to Operate Your Model Railroad before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Operate Your Model Railroad:

0 of 0 people found the following review helpful. Chubb's classicBy Karl N ScribnerGreat, if dated, book by a great author. Came quickly and was in great condition. Better than hoped for.0 of 0 people found the following review helpful. Wow what a great source of information.By Edward GregoryA great reference material for what ever you want to do with your model trains and layout. Basic ideas are well laid out, carefully explained and easy to follow with plenty of examples and diagrams a must have for setting up for operations.0 of 0 people found the following review helpful. Great book. Very informative about TT/TO operations that would ...By tommy pelleyGreat book. Very informative about TT/TO operations that would be used on larger layouts that are set before the 60's.
