Anne Szalavary : Hungarian Folk Designs for Embroiderers and Craftsmen (Dover Pictorial Archive Series)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hungarian Folk Designs for Embroiderers and Craftsmen (Dover Pictorial Archive Series):

0 of 0 people found the following review helpful. Simplistic designs By FrankPI have been learning all about Hungarian embroidery recently. This book was purchased hoping to see and use interesting patterns. Well, the designs in the book are basic, simplistic and boring. So, I returned the book. If you are looking for Hungarian designs, this is not the book for any interesting and novel designs. Such a disappointment. 1 of 1 people found the following review helpful. Beautiful book! By Hari Dasi The patterns are more like sketches but they are divided up by region, which is important in Hungary, and the designs are very beautiful! Thrilled with purchase! 2 of 2 people found the following review helpful. Five Stars By Yasue This book is very valuable for beginners of Hungarian embroidery. So many black and white patterns of flowers.

Paperback book
