2 of 2 people found the following review helpful. Very DisappointingBy Melanie YoungI have never bothered to write a review for a book because I have always gotten what I expected until now. This book is horrible. There are no patterns just a list of what you need to do the projects. If you click on the design chart it send you to a website that says to choose the book you recently purchased for design chart. Well this book isn't listed so how to you get the design charts. Very disappointed with this book. High cost for poor quality.3 of 4 people found the following review helpful. Do Not Buy For Kindle!!By BrianI made the mistake of buying this worthless thing on my kindle and it only gave me half the book. There was no charts to work from and it might have to do with the fact that my kindle is one of

the first kind made (model # D01400). The actual book is awesome! I have yet to do any projects but I have a good feeling about it; it looks real easy. 1 of 1 people found the following review helpful. Don't waste your time or money. By Ashley Even with a Kindle Fire, all you get are links to the book that you have to buy to get the charts and other information. Seriously? You have to buy a book to buy a book!? I'm glad I checked it out for free.

Bring a little magic into your home with this fantastic selection of cross stitch patterns for wizards sprites, from some of the world's leading cross stitch designers. This booklet features 12 captivating cross stitch designs across a range of styles, including designs for fantasy wizards, fairies and pixies with clear, full-colour cross stitch charts and easy-to-follow sewing instructions for each project. Projects include large and small samplers, a wall hanging, a handbag mirror, greetings cards and an embroidered keepsakes box - all featuring fantasy cross stitch designs that will inspire you to start stitching today!
