Dariusz Karnas : IA-58 Pucara (Scale Plans) before purchasing it in order to gage whether or not it would be worth my time, and all praised IA-58 Pucara (Scale Plans):

0 of 0 people found the following review helpful. A must have for a collector of Pucara information. By JohnWhile the quality of the three views are first rate with beautiful detail I had to bump the stars down by one due to the lack of fuselage cross sections and wing airfoil sections. Any quality plans will provide these views and their absence here is glaring. But I will tell anyone who is a fan of this beautiful but mostly unknown aircraft that this is a must have
