8 of 8 people found the following review helpful. Not what I was hoping for By CRAZY4PEANUTBUTTER If your looking to learn how to make inchies using anything other then fabric this book is not for you 3 of 3 people found the following review helpful. Excellent book! By ruthptb Inchies are cute and fun to make. This book has so many examples of cute inchies as well as excellent instructions. 18 of 19 people found the following review helpful. Inches R Fun By Anne Dunham This is a lovely book. Beautifully laid out and with coloured pictures and examples throughout.

Explains techniques and materials required clearly. Projects are very good, useful for beginners and those who are experienced quilters. There are coloured pages of finished quilts and ideas for what to do with the tiny art creations. I think making these miniature quilts is going to be addictive. A wonderful way to use up scraps. Definitely worth adding to your book collection.

Tiny works of art called inchies are captivating the hearts of textile and mixed-media artists the world over, and this guide demonstrates just how easy they are to make. Their small size a square with one inch dimensions makes inchies perfect for trying out new techniques and media such as scraps of fabrics, yarns, and items found in nature or around the home. This manual also gives many ideas on how to incorporate inchies into various items such as jewelry, keyrings, and bags. With clear, step-by-step projects from a number of designers and top artists, this instructional resource is sure to spark creativity, imagination, and fun.

"This is the sort of thing that makes recycling fun, and these tiny works of art really do have a lot of uses."
