By C Richardson  
I decided to purchase the book after seeing the author on Sewing with Nancy on PBS. I just received the book and am pleased with the level of detail in instructions and the high quality of pictures. There are also great templates provided at the back of the book and a photo index of all of the projects within the book for quick reference. The designs are very cute and can easily be customized with your own colors and textures. I think that this will quickly become one of my favorites!

To complete some of the flowers you will need the gadget that you

insert the material in. Still all in all, it is a neat book and gives me many more ideas that I truly don't need. lol

Express your individual style by adding a wink to your wardrobe or room with these beautiful blooms from Indygo Junction's Fabric Flowers. You'll find 25 quick and easy flower projects for wearing, decorating and sharing, with inspiring techniques for the novice to the more advanced creative enthusiast. Recycle your jeans, ties, sweaters and t-shirts, combine cotton prints into one-of-a-kind fashion statements, create painterly effects of needle felting, and play with felt, wools, and silks. 50 fabric variations to spark your creativity are included! From a simple rose created from re-purposed denim jeans to a full wedding bouquet of felted roses, the projects in this book teach traditional techniques and introduce you to flower making short-cut methods, featuring Clover Needlecrafts tools: needle felting tools, Kanzashi Flower Makers, Quick Yo-Yo Makers, Flower Frill Templates and more.

There is no doubt in my mind, I have a fascinating job. Why? I learn first hand the latest and greatest in sewing, quilting, and embroidery. Case in point is Indygo Junction's Fabric Flowers by Amy Barickman. Amy provided the creativity; all we have to do is stitch! See great fabric flower options that really can be stitched in short order, plus they look dynamic! --Nancy Zieman, host of Sewing with Nancy PBS Series
