Great Starter Book For Would Be JewelersBy Carl RobinsonThis book is an informative starter's guide to making jewelry and polishing rocks. The book tells the history of lapidary and then shows how to polish stones to a high degree. This book is great for starter hobbyists and is informative and readable.1 of 1 people found the following review helpful. Too much for me!By WaltonI don't want to be hard on this book, because it's a great shop manual. It really showed me that to get seriously involved in Lapidary you need to have more equipment, time, and work space than I have!

by Pansy D. KrausAn authoritative introduction amp; how-to on rock tumbling, making cabochons, lapping and more.
