**Sharon M. Reinhart : Iris Folding Cards for Life's Special Moments (Annie's Attic: Paper Crafts)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Iris Folding Cards for Life's Special Moments (Annie's Attic: Paper Crafts):

4 of 4 people found the following review helpful. Good ProjectsBy JoieThe ideas are cute but I thought there would be more variation in the folding process. As it stands, each project is the same as the last except for the apertures and the number of sides of the folds. I wouldn't buy this book again.5 of 5 people found the following review helpful. Good for a beginnerBy SanSudyI do a lot of iris folding and really didn't pick up on anything new and exciting. This is not to say that a beginner wouldn't be able to learn from this book. It was very nicely put together and easy to understand. I will keep it and reference for ideas and inspiration. Advice for you next book: Break out of the box and the basic

patterns. Do something different and exciting.0 of 0 people found the following review helpful. Five StarsBy JudyJust what I wanted. Thank you

The fresh and unique iris folding projects featured in this book are perfect for commemorating special occasions with beautiful handcrafted greeting cards. Intended for crafters at an intermediate skill level, the 20 designs employ both traditional and nontraditional iris folding techniques and make use of materials ranging from fabric, tissue paper, cardstock, ribbon, and specialty papers. Patterns and apertures can be mixed and matched to create unlimited design options, paper can be altered to add texture, and recycled materials can be used to fashion unique finishing touches. The end result will be beautifully made greeting cards to share with cherished friends and family.

About the AuthorSharon M. Reinhart is a multimedia designer, demonstrator, and teacher and the author of Teabag Folding Through the Seasons. Her work is showcased in leading multimedia craft magazines and books, and she is a designer member of the Craft and Hobby Association. She lives in Calgary, Alberta.
