Maruscha Gaasenboek Tine Beauveser : Iris Folding Compendium (Pt. 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Iris Folding Compendium (Pt. 2):

Iris Folding is a simple technique that produces fantastic results. This book has 3 books in one Iris Folding for Winter, Elegant iris Folding and Iris folding with Greetings. A great book of patterns with many different possibilities for cards and scrapbook pages.

Issue 36, Feb 07 If you're keen to try more iris folding projects you'll find Iris Folding Compendium Part 2 indispensable. Written by two talented Dutch crafters, Maruscha Gaasenboek and Tine Beauveser, this compilation is bursting with 96 pages of inspiration, projects and templates, all with easy to follow instructions. Cardmaking Papercraft About the Author These 2 authors have written 10 other Iris folding Books.
