RomleinMade a mistake on 1st review; confused this book with another one. This book was awful and totally useless. Lots of graphic "patterns" with numbers but no directions. Okay I guess if you are an experienced iris folder but fit only for the recycle bin if you aren't. Also, metric measurements are more distraction than help.0 of 0 people found the following review helpful. Plenty to keep one busy and while I only received the book 3 hours ago, I'm sure there will be some beautiful cards created.0 of 0 people found the following review helpful. Five StarsBy Judy MintonGteat book lots of new ideas

Maruscha and Tine show you in this book how you can use the inside of envelopes to make attractive Christmas cards. All the patterns are clearly shown, and cards and templates are available for these festive patterns.
