And this one was great in appearance and delivery. 1 of 1 people found the following review helpful. Iris folding By Dutch J This is another book on Iris folding by Maruscha Gaasenbeek that I have . I have several. I used the Christmas tree and a few other patterns from this book to make Christmas cards. The instructions are easy and the results are beautiful. You don't have to have talent to do these cards. I know, because I am not too artistic. 0 of 0 people found the following review helpful. Very nice little book on Iris Folding By Mary Bourgeois Very nice little book on Iris Folding. Great ideas and patterns. Will enjoy using it to make some Christmas cards.

The book Iris Folding for Winter is full of beautiful designs for Winter, Fall and Christmas. Such as: leaves, mushroom, tea cups, coffee pot, pear, Christmas tree, Christmas ball decoration, lantern and more. Another wonderful pattern book to make those special paper folded cards. The is a craft that can be done by all ages and with no

experience. Follow the complete instructions enclosed in each book for the technique and patterns.
