This book contains mainly baby and kids designs but they are Not your usual teddy bears but very cool monsters and robots. I have already made a few buttons and other things. Will be stitching more. Definitely worth it. I would however love to see more monster or robots designs to incorporate into kid stuff like a pencil case or lunch bag0 of 0

The last time, I ordered it for myself. I love the awesome ideas and charts. Cross Stitcher magazine is my favorite cross stitching magazines and this is a sample of some of their monthly magazine projects.
