Cant Wait to Start HookingBy Cordelia YeomansI have NOT made anything from this book yet. However, I did read some of the patterns and although ive not put into practice yet they read easy to follow. I liked the variety of projects.0 of 0 people found the following review helpful. Good book for CrochetersBy Lorraine LakeGood book for crocheters, great styles. Have made a couple of the patterns already, readable, patterns easy to follow. I often change up a pattern to suit my taste and/or the person I'm giving it to. These patterns work up quickly too, added bonus when you're short on time.

Create chic crocheted accessories with a boutique-exclusive look.A hot fashion trend, crochet has become increasingly popular on the runway. It Girl Crochet is a must have, well-curated collection of chic and wearable items you might find (and happily pay for) in trendy boutiques.The projects in the book are organized by three styles--Art Nouveau,

Bohemian, and Mod--and include hats, bags, scarves, mittens and fingerless mitts, belts, shawlettes, socks, and other wardrobe essentials. The designs use basic crochet stitches as well as more unusual techniques such as intarsia, Tunisian crochet, tapestry crochet, beading, applique, and join-as-you-go motifs. Projects range in difficulty from advanced beginner to advanced intermediate. Along with detailed instructions, many of the projects include stitch diagrams, favorites among crocheters for clearly illustrating stitch patterns. You will not only want to make these projects, you'll want to wear them and gift them!

"I am a product of the sixties and I love crochet that expresses the individuality of the wearer. It Girl Crochet is all this and more! It offers truly unique designs in delightful colors that will set you apart from the rest. The twenty-three accessories included in the book are truly 'must have'." --Crochet Queen
"This book is a must have for any level crocheter. The patterns use basic stitches which is great for the beginner, but they also incorporate other techniques for the intermediate or more advanced crocheter. Some of these techniques include: the join as you go for motifs, beading and Tunisian crochet. There are many different projects to make and wear yourself or to give as gifts." --MyCentralJersey.com
"I especially like how the book contains a diverse mix of techniques for each stitcher's comfort level. From basic stitches to more advanced techniques like Tunisian crochet and tapestry crochet. There are even some beaded projects, which I always enjoy working on." --Fiber Flux
"You'll no doubt have a bit of difficulty choosing your first project because they're all quite amazing." --The Detroit News
"Now you can channel your inner 'it girl' with the fun and fabulous crochet patterns in this book. It Girl Crochet has a variety of easy to make projects including hats, bags, scarves, mittens and fingerless mitts, belts, shawlettes, socks and more, categorized into three themes: Romantic Art Nouveau, Retro-chic Mod, and Free-spirited Bohemian. The book also contains patterns that are for every skill level, so there is something for everyone to try." --The Stitchin' Mommy
"The patterns are all for 'must-have accessories,' and they're broken up into 3 eras: Crochet Nouveau, It's a Mod Mod World, and A Brave New Boho. But while these might sound retro or vintage, they all manage to capture the spirit of days gone by while maintaining a very modern sensibility. And I love that each pattern contains a little blurb about it's inspiration!" --Moogly
"It Girl Crochet is full of my kind of patterns!! Sharon Zientara has compiled a collection of wonderfully unique patterns that are both modern and vintage at the same time. As a designer, there are times that I look at a pattern and think 'Man! I wish I came up with that design myself!!' While looking through this book, I found myself thinking that multiple times." --Jessie at Home
"True to its title, this book is chock-full of wonderful accessories that any crocheter would love to make, and anyone would love to receive as a gift." --Crochet Guild Of America Now!
"If you love crocheted accessories--the funky shawls, scarves, cowls and bags that you see at the mall and in boutiques--then you'll want It Girl Crochet, a collection of retro-meets-mod patterns from top crochet designers including Robyn Chachula, Yoko Hatta and the book's author Sharon Zientara." --Yarn Market News
"These chic crochet wearables look just like something you would see for sale at a high-end boutique. Instead of spending mega bucks for these items, make them yourself!" --AllFreeCrochet.com
