It helps a great deal in understanding the paper making process and its relationship to folding.0 of 0 people found the following review helpful. Great value.By Susan HildebrandGreat value as a former library book that is in excellent condition with a bonus of the plastic cover protector. I appreciate the step by step photography, wonderful projects and beauty of this

book.2 of 2 people found the following review helpful. Wow!By Carolyn RNot only are the projects beautiful, but the thing I really like about this book is that he gives you the illustration for the folds then has a picture of what you should get when you follow the illustration. That really helps me understand what it is supposed to look like. This is a great book!
