Joan Elliott's Native American Cross Stitch By Laury S. Quick service and item in good condition. Loved the Indian woman's picture and graph on the front of the book. Did not care for the male Indians facial features, could be revised to the stitcher's taste-tended to make him look somewhat feminine around the nose area. Like the variety of pictures with beads projects. Wished there were more variety on the other native American animals and traditions such as wolves, bears, turtles, totems, etc. Like the dreamcatchers projects also, have done a

mini dreamcatcher on a gift card in the past probably also designed by Joan Elliott.
