Satoshi Tanaka : @Jpn Book Miniature Works Anthology Sweets Pattern before purchasing it in order to gage whether or not it would be worth my time, and all praised @Jpn Book Miniature Works Anthology Sweets Pattern:

5 of 5 people found the following review helpful. The Listed Title is Wrong - This book is actually "Miniature work of Satoshi Tanaka"By pavluvIn any case, the vendor had the best price and they did confirm the correct title by providing the ISBN number. The book is in Japanese. The photos are beautiful and highly detailed. There are many pages at the end which give step by step instructions in making various food items such as brioche, tartes and bread. There are also tips and listings of tools and materials that Tanaka uses in his miniature construction. Given that this is a master of miniature and finding "how to" books of his work outside of Japan is quite difficult, this book is a valid purchase. It provides a never ending source of ideas for the miniature lover.3 of 3 people found the following review helpful. Exceeded my expectationsBy aoecklThis book exceeded my expectations. Great photography. This man is so talented and the miniatures look so real that you have to look twice to make sure it is not real size. It is all in Japanese, but you

can figure out how to do things with the step by step pictures. I will buy the second book too.0 of 0 people found the following review helpful. Shipping of the book was fast and efficient. The ...By Catherine AllisonShipping of the book was fast and efficient. The book itself has lots of lovely pictures, however, I thought there would be more instructional pictures towards making the artisans' gorgeous minis, not just only a few.
