Susan Cropper, Juju Vail : Juju's Loops: Charming Knitting Patterns by Juju Vail and Susan Cropper, Loop London before purchasing it in order to gage whether or not it would be worth my time, and all praised Juju's Loops: Charming Knitting Patterns by Juju Vail and Susan Cropper, Loop London:

The photography is gorgeous, making you long to grab up a skein of equally gorgeous yarn and start knitting. Each project occupies a fair number of pages in directions and photos. And herein lies the somewhat minor disappointment. There are fewer projects than I had hoped. The yarn is American made for the most part which to my friend who resides part of the year in London was a great disappointment but delighted me for I could, so I desire replicate the shawl or other item with the exact yarn the designer used.0 of 0 people found the following review helpful. Beautiful lacey patternsBy EAI'm giving this a 4 star instead rating of a 5 because I, personally, don't like lace patterns. However, the book had beautiful pictures and cute drawings. It comes with both written instructions and charts for all the patterns. Like I mentioned earlier, this has mostly lace patterns for shawls, wraps, and light cardigans. I was hoping for more scarves, fingerless mittens, and hats.0 of 0 people found the following review helpful. Great patterns for knittingBy EmmaI simply love love love this little book! I want to knit every single pattern in it! I made the shawl on the cover and it's divine!
