Would not recommend this paper since it is not square which is necessary for Origami. It was necessary to recut almost every sheet. 1 of 1 people found the following review helpful. Nice patterns, good value By Nicole I purchased this paper pack to make Christmas cards. Being origami paper, it is much lighter weight than scrapbook paper, but it is also much more affordable. I am pasting the patterned paper on to purchased blank greeting cards, so the lighter weight doesn't matter. There are a lot of nice patterns in here. Not just red and green like you see on the cover. I feel this was a good value because I got so many sheets for a reasonable price. 0 of 0 people found the following review helpful. Cute paper...but do I need cute paper? By Tamra Warner Well, if you're in need of some cute, square holiday paper, then go for it. I was not a fan of the very few and terribly involved origami suggestions...we're talkin' PAGES long instructions. Too scary for novice level me. But, again, I'll use the cute paper for something...eventually.

'Tis the season to be crafty! Have a jolly origami holiday with this jumbo pack, with a whopping 285 sheets of pullout origami paper in 20 Christmas-ready designs. Beginners will find all the folding instructions they need to make a striped candy cane, reindeer, and merry Santa. And if you have a few sheets left, they make great wrapping paper too!
