patterns. First copy arrived with 10 pages ripped out of middle but seller replaced with perfect copy so would
recommend purchase. Already made one and recipient happy.2 of 2 people found the following review helpful.
Interesting but not what I needBy DandelionI bought this book to give me some ideas for knitting and crocheting
scarves for charity. I wanted fast and fairly simple scarves. I did not find any usable. As is typical with books that
combine knitting and crocheting, there is a lot more knitting patterns. That said, the variety of styles is nice and the
pictures are big enough to really see the end result.I am keeping the book for reference when I want to make gift
scarves.7 of 11 people found the following review helpful. More towards knittingBy A. PenningtonI bought this book
but I did not really read carefully, this book has knitting, and more knit than crochet and the crocheted scarf are
nothing worth looking at, yarn they use not as nice as the knit. More to beginner crocheters.. They could of been better

A scarf is a great beginner project, but the wide variety of patterns in Just Scarves ensures that even the most seasoned
crafter will create something new and exciting. With so many options for men and women's styles, wearing (and
making!) scarves will be a yearlong passion. The first chapter in the book, Easy Does It, focuses on honing basic

techniques. Once those are mastered, knitters are introduced to specialized styles such as cables, granny squares, lace, and shaping. Each of these is given a new spin with fresh patterns and beautiful colors. There are also wonderful chapters on Reversible Scarves that look great no matter which way they're tied and Fabulous Scarves that can be worn like jewelry. The final chapter is dedicated to fun finishes, which will help crafters make sure each creation is as unique as possible. With stylish full-color photography, a bold design, Lion Brand's excellent reputation, and Nancy Thomas's keen eye, Just Scarves promises to be a fun, fashionable collection of classic and contemporary patterns.
