Joe Silvera : Kalmbach Soldering Beyond the Basics: Techniques to Build Confidence and Control before purchasing it in order to gage whether or not it would be worth my time, and all praised Kalmbach Soldering Beyond the Basics: Techniques to Build Confidence and Control:

2 of 2 people found the following review helpful. Silvera's book is as good as his videosBy CRAIG C.Mr. Silvera's book is as good as his videos, and that's saying a lot. He's a wonderful instructor. What I like most about his instructions and projects is that he answers questions and covers issues not dealt with in other books and videos on soldering. His projects provide solutions to problems that I have encountered but not known how to solve. I would buy anything by this author.0 of 0 people found the following review helpful. Good but specific to jewelryBy David M.

Williams This book covers techniques specific to jewelry, which involves small torches. Guns and irons need not apply! Well written. 5 of 5 people found the following review helpful. Excellent product. Am learning so much lately about improving ... By Marthe H. Excellent product. Am learning so much lately about improving my soldering skills. Had many hangups about not performing well. This is a great and helpful product.

This follow-up to the successful *Soldering Made Simple*, *Soldering Beyond the Basics* expands the skills introduced in Joe Silvera's first book. Featuring subjects that beginners need to know, it focuses on topics such as the next step in torch setup, how to solder with various metals, keeping metal clean with less polishing work, setting stones and found objects, and fusing metal and use sterling silver scraps. With the authors' detailed instructions including helpful photographs, this indispensable guide makes soldering approachable for all jewelry makers.

About the Author Joe Silvera has more than 20 years of experience in metalworking and devotes his time to teaching. He is the author of *Soldering Made Simple* and its companion DVD and lives in Berkeley, CA. His Web site is silverajewelry.com.
