Although I am not a fan of the "stories", I do love the factual information provided, recipes, uses, history, etc... If you are new to herbs, I believe this book will intrigue you to search out more herbs and uses for your personal needs and wants. Easy to read and understand, great book for beginners!2 of 2 people found the following review helpful. Phenomenal book!By StargazertatPhenomenal book, full of useful information for kids of any age. I bought this book as a gift and ended up having to buy two more. One for another family member and one for myself.The little stories and coloring pages are enjoyable. The book is easy to navigate and has become a household favorite!I would recommend for kids of all ages!2 of 2 people found the following review helpful. but I find that I love it most of allBy KatherineI bought this to use with my children, but I find that I love it most of all. I am learning so much from this wonderful handbook. If you are interested in learning

about herbs, whether or not you have kids, I think that this is a good place to start. Lots of reliable recipes, and information.
