Amy Polcyn : Knit a Dozen Plus Slippers before purchasing it in order to gage whether or not it would be worth my time, and all praised Knit a Dozen Plus Slippers:

2 of 2 people found the following review helpful. Not worth it.By NobodyI would not recommend this book unless you are proficient in fixing patterns that are written out wrong. The basic patterns are okay, but the number of stitches and repeats is off in several of them, so unless you really know what you're doing, this book is useless.1 of 1 people found the following review helpful. Knit a dozen plus slippersBy Dorthy W. EakleI tried to knit the cover slippers and gave up on them. Terminology that I am not familair with and I have knitted for years and years. Good luck on these slippers, should someone out there want to try them. To save my nerves, tore out what I had done and made something else!2 of 2 people found the following review helpful. Easy isn't necessarily easy.By lizzieI found the slippers to be cute and look good for men, women, and children. The instructions, however, are written in a way that is hard to follow; ie, the wrap and turn instructions. I think all the patterns incorporate this stitch, but it is not explained well. I'm

having to look at videos from Youtube to see how to do the stitch. Otherwise, I love the book.

Quick to make, simple to construct, and fun to give, the soft slippers that crafters can make in this book come in an array of sizes and styles for both children and adults. Using only one skein of chunky weight yarn, most of the projects in this collection can be finished by intermediate-skilled knitters in a single afternoon. Patterns include Mary Janes, Ballet Flats, Lacy Toe-up Slipper Socks, Mitered Square Cuff socks, and more.
