Jane Davis, Davis Jane : Knit Ponchos, Wraps Scarves before purchasing it in order to gage whether or not it would be worth my time, and all praised Knit Ponchos, Wraps Scarves:

1 of 1 people found the following review helpful. Great how-to for constructing a ponchoBy DebraThis book contains a lot of very useful information about constructing and designing ponchos and wraps. It isn't merely a collection of patterns, but also tells how to alter most any scarf or shawl to make it a poncho. It gives information on how to determine the shape and size to knit. There are patterns, but you could also knit your own design using this book.18 of 19 people found the following review helpful. 10 Patterns have ERRORS ask Publisher for Errata PagesBy CaplessI flipped through this book at the store and found several items I would like to make. I prefer written directions so I had a problem with my first project the bead-fringe scarf. Luckily the chart was correct. I read through the reviews and saw others were having problems so I contacted [...] and they did email me corrected or clarified instructions/charts for about 10 of the projects. Pro's: Most of the projects are simple and attractive with good photos. Neg's: The

directions/charts are wrong. You have to contact the publisher and request corrections they don't have an "errata page" to access at their site. I understand the occasional error will be overlooked but 10 in one book???1 of 1 people found the following review helpful. Looking Cool And Being ...By Loriwarm during the summer months. I have Raynaud's Phenomena and the a/c in the south wards me off from going out. Now I can go out not looking totally out of season and be warm!!! I already recommend this to people with Raynaud's, the elderly who still enjoy knitting and crocheting, petite women who complain of always being cold. My Landlord loved the patterns looking super in the one she knit. It is easy, fun, and excellent choice pattern book.

Knit scarves are the hottest new fashion accessory! Answering the demand for new scarf, poncho and shawl ideas, this new book provides 35 fun, contemporary projects knitters can create quickly and easily, many featuring popular novelty yarns.
