I also love my Lord and the combination of both in this book is wonderful. Knitting has always been one of the most serene ways that I have connected to my God. While knitting I can meditate on His word and pray, while making something special for a friend. This book pulls it all together. I would recommend this product and seller to everyone, not just knitters.4 of 4 people found the following review helpful. Perfect combination

of practical inspiration

Perfect combination of practical inspiration, along with an interesting inside to the life of a knitter. You do not need to knit to appreciate this book. However I gave it to a knitter friend of mine (great Christmas gift) She was so excited just looking at the patterns! When she reaches the layer of inspiration, it may warm her heart and inspire her soul. PS The cover is so lovely!

Being a knitter I am very happy with my knit, purl, pray devotional book. It is heart warming and sensitive. I recommend it to any knitter, crocheter or crafter for inspiration and confidence.

Whether you're a knitter or not, Knit, Purl, Pray is filled with life vignettes, knitting together the threads of daily creativity and that tie with our Lord. -- Debbie Macomber, #1 New York Times best-selling author
The knitter knows that the time spent creating something beautiful and useful can also be a time to be quiet and reflect. Author and knitter, Lisa Bogart sees life's challenges as something that can be unraveled and reworked into something beautiful. In Knit, Purl, Pray she encourages you to think about the craft you love in a new way. These 52 devotions use knitting to explore all aspects of life, giving the knitting reader a daily takeaway. Is there a better way to weave a full spiritual life than combining it with the craft you love?
