1 of 1 people found the following review helpful. all knitters must readBy Mary E. SteeleNo, wait, all fiber lovers should have this book on their must-read list. Clara Parkes is a wonderful story teller, so the trip she takes you on is highly entertaining. The venues and the people mentioned will have readers wanting to find out more, and perhaps put the venues on their bucket lists of must places and the people as hope-I-get-to-meet some day.1 of 1 people found the following review helpful. I may read it again!!By Carol ClarkI NEVER write reviews, but I LOVED this book. Being

a knitter, I found all of the behind the scenes accounts really interesting. I really didn't want the book to end. I loved it so much, I think I may go back and read it again, which is unheard of for me. I loved the chapter on Iceland, and I think anyone would enjoy it, whether he/she is a knitter or not. 0 of 0 people found the following review helpful. An enjoyable read. By med1pilot We gave this as a gift to our daughter, who loves to knit. She loves it, and really enjoys the around the world aspect as written.

NEW YORK TIMES BESTSELLER * Knitting aficionado and notable artisan Clara Parkes delves into her storied travels with this inspiring and witty memoir on a creative life enriched by her adventures around the world.

"In Knitlandia, Clara Parkes takes us from Taos to Reykjavik and beyond, knitting together stories of unique characters and places and yarn. Parkes is such an engaging guide into this world that by the end of the book you want to grab her by the knitting needles and beg to join her on her next trip." - Ann Hood, author of *The Knitting Circle* "Within the fleeting world of social media, it's rare to find a collection of stories like Clara's in one place, stories that showcase the colorful richness and loving nature of our knitting community. In Knitlandia, her playful nature and eye for detail capture moments that make me enthusiastically proud to be a knitter." - Stephen West, *Westknits* "No one but Clara Parkes could have written a book that contains such rich, knowing and sympathetic detail about the knitting world's most beloved gatherings. Based on Clara's previous books, I expected that from her. But Knitlandia has a delicious surprise: its emotional punch. This is a book for everyone who loves not just knitting, but the worldwide knitting community." - Kay Gardiner, *Mason-Dixon Knitting* A life entwined in yarn might mystify those who don't knit, but anyone versed in the language of skeins and cables will sigh with envy over Clara Parkes' new memoir, *Knitlandia*. Non-knitters will likely skip Parkes' slender volume, thus missing a fresh view of destinations both exotic and ordinary. But those who pick up a copy for a knitting friend should dip into a chapter or two. They'll soon wonder how quickly they can learn to wield needles and yarn, fashioning a shawl or sweater that Clara Parkes would applaud.
