Kate Oates : Knits for Boys: 27 Patterns for Little Men + Grow-with-Me Tips Tricks before purchasing it in order to gage whether or not it would be worth my time, and all praised Knits for Boys: 27 Patterns for Little Men + Grow-with-Me Tips Tricks:

9 of 10 people found the following review helpful. Boyish But Not Boring HandKnits For The Frustrated Knitting MamaBy J. DuffyThese patterns are GREAT! Practical, colorful, fun. Boyish but not boring. Best of all, written by a real-world knitter-for-boys, the section at the front about grow-with-me knitting will make the difference to me being indecisive or taking the plunge to knit something for my rapidly-sprouting boys.The book itself is beautifully produced with full-bleed pictures and clear, spacious, readable text. The pages have a matte finish, for low glare under knitting lights. It has a soft cover and the pages fall open and lie flat (hooray!).Having knitted from Tot Toppers patterns

before, I know the instructions are always thorough and straightforward. And, added bonus, getting to watch the author's sons grow up, in the photos, is a cuteness-explosion! 0 of 0 people found the following review helpful. Three Stars By Timothy Meadows Not particularly useable, but then, I prefer classic styles 0 of 0 people found the following review helpful. Five Stars By Customer Good and useful designs

Preview all 27 boy-approved, comfy projects in our exclusive Look Book! Boys love to be knitted for, too! With the designs in this book, you will have fun creating stylish knits that the boys in your life will be excited to wear. 27 patterns for sweaters, tops, vests, hoodies, mittens, hats, and more that boys will want to wear. Special section on how to knit for kids: choosing colors and styles, sizing, how to make a sweater "grow with" your child, how to find a comfortable fit, tempting kids with texture. Clear pattern instructions and a tutorial section for special techniques make the patterns accessible for all levels of knitters

"This is a great book for knitting for boys and girls alike. Many of the projects are blank canvases that you can easily alter with color or texture...The tips in the book will help you knit any garments for kids with a bit more thought about how you can make them last longer, which any knitter with little ones on their list is sure to appreciate." (Sarah White knitting.about.com 2015-03-02)"Kate Oates has knit a home run with Knits for Boys...The patterns are realistic patterns that boys will really want to wear--How about a T.Rex Graphic Pullover or a Henley top?...Perhaps the best feature of the book is the section on how to knit for kids...This book gives me a new perspective on sizing for kids (boys in particular, of course) and how items can be made or modified to fit or grow with your child." (Carrie Carpenter hooked-on-crafting.com 2015-03-03)"Kate Oates outdid herself with this book. It was so refreshing to see patterns that were actually designed with real little boys in mind! Every pattern in it thoughtfully considered how it would really be worn, and not just how it would look in photographs." (Jac Rivera lattesandllamas.com 2015-03-09)"It is a beautiful book for boys! Fabulous designs that I wish I had when my son was this age!" (Karen Whooley krwknitwear.com 2015-03-10)"Knits for Boys...is more than just a knitting pattern book. It's a great guide to knitting for children and for adjusting garment patterns....The patterns are in contemporary colors and are vibrant but not too 'fussy' for the average young man." (Marie Segares undergroundcrafter.com 2015-03-16)"There are lots of different styles featured, and they are all cool looking!...Not only are the designs appealing, but there's a lot of time and thought that have gone into how to create garments that they can wear year after year. Dealing with growth spurts, planning for them in fact--these are very smart designs!" (Tamara Kelly mooglyblog.com 2015-03-24)"Knits for Boys is a delightfully designed creation from Kate Oates. This girl knows what a boy wants--every pattern in here is perfect for your wee man. Seriously, everything you can think of making him is found between these covers. Shorts, long john, bow ties (because bow ties are cool), socks, hats and mitts, and yes there are plenty of sweaters too." (Amy Sessions peppermintmochamama.blogspot.com 2015-03-26)About the Author Kate Oates has been designing knitwear since 2009, and in just these past few years has published 150 designs in a variety of outlets, including her own brands, Tot Toppers and When I Grow Up, and her book Knitting Clothes Kids Love. Her designs have been featured on dozens of blogs including Never Not Knitting, Spud and Chloe, Craftsy, and more, and her designs have been "favorited" on Ravelry almost 44,000 times. She is mom to four boys, giving her plenty of insight into the needs and wants of a wide range of ages.
