From Annie's : Knitted Prayer Shawls before purchasing it in order to gage whether or not it would be worth my time, and all praised Knitted Prayer Shawls:

0 of 0 people found the following review helpful. Very well designed patterns, easy to use and elegant!By J P McGillicuddieI have made two of these (the one on the cover) for friends who were in pain, and they found them very comforting.1 of 1 people found the following review helpful. My Pastor approved my choiceBy JanellThe patterns are too lovely for words. My pastor and myself, when the time is free, will start knitting some shawls and when they are done. She'll bless them and give them to the sick and shut it of our church.Oh, the shawl on the cover I can't want to make it. It is too beautiful for words.1 of 1 people found the following review helpful. Useful but simplisticBy Vicki WatsonI don't think I'll enjoy this book very much, even if I do have a project on needles. Personally I prefer more complex patterns, but for my fellow prayer members and for a simple project that I can work when the group meets it's fine. Bottom line, nothing remotely challenging but if you need a simple project that you can work while talking or

watching TV this is your book.

There are times when something special is required to fill a need, provide comfort or give someone a blessing. For that reason, we present this collection of shawls and throws along with a selection of prayers and blessings. Knitters of all ages and all skill levels will love this book! 16 pages
