Nancy Marchant : Knitting Brioche: The Essential Guide to the Brioche Stitch before purchasing it in order to gauge whether or not it would be worth my time, and all praised Knitting Brioche: The Essential Guide to the Brioche Stitch:

88 of 88 people found the following review helpful. Very thorough book on a little known knitting technique By A. BishHats off to Nancy Marchant. She has written an excellent book. The directions and illustrations are very clear and easy to follow. There are more pages devoted to brioche stitch techniques than patterns, which is what a book about the brioche stitch needs. The patterns include cardigans, pullovers and vest for men and women, scarves, hats, snoods, and various odd items like boot cuffs, and wristlets. I can't wait to see other people finish some of these items and post better pictures on Ravelry. That is my only gripe with this book... I wish there were more pictures of the finished projects in this book. The pictures are adequate, but not inspiring. Only because I've done brioche patterns before, do I know that in person these projects are probably more amazing than the photo shows. 2 of 2 people found the following review helpful. A MUST for a Brioche knitting reference. Well written. Fun patterns. By Customer If you are new to

Brioche knitting, then this book is a must. It describes the variety of basic stitches and gives tips on how to handle mistakes and shaping. Brioche knitting is different than normal knitting so this book really explains what to do well with beautiful examples of the different stitches as well as patterns. Uses the tried true Japanese chart symbols. Nancy Marchant is a leader in Brioche knitting. I'm learning so much and the book is well written. 0 of 0 people found the following review helpful. Very thorough. By Crystal M. I am new to this knitting technique -- also left-handed -- so I ordered this book after realizing YouTube instructional videos would not suffice for me. The book is just filled with color photos of every step for both one- and two-colored Brioche knitting and, to my surprise, included a stitch dictionary! I have had to downsize considerably on my knitting books to make room for baby stuff so I am very satisfied that this text includes the theory, stitches, and patterns for all knitter levels. This is a lovely addition to my knitting library and hopefully yours, too!

Hungry for new knitting techniques? Try knitting brioche! *Knitting Brioche* is the first and only knitting book devoted exclusively to brioche stitch, a knitting technique that creates a double-sided fabric. This complete guide will take you from your first brioche stitches to your first (or hundredth) project, and even to designing with brioche stitch, if you desire. Whether you're new to brioche knitting or experienced at "brioching," author Nancy Marchant provides the information and inspiration you need. Inside *Knitting Brioche*, you'll find: Detailed instructions and step-by-step photos that will guide you through all of the techniques you'll need for brioche knitting. A stitch dictionary including 60 beautiful stitch patterns with many multicolor options. 25 patterns for garments and accessories, all made with brioche stitches, some combined with other design elements including cables, lace, intarsia and more! Grab your needles and yarn and take a bite out of brioche knitting.

About the Author Nancy Marchant first discovered the brioche stitch when she moved to the Netherlands in 1976. She became fascinated with brioche knitting and wrote about it in *Vogue Knitting Magazine*, as well as in a number of other knitting magazines. She maintains a Web site on the subject at www.briochestitch.com and teaches brioche knitting both locally and at large yarn shows.
