Enough space to jot down specifics of a project along with a notes area (important to me!). There is an additional page to attach photos and a few blank pages at the back of the book to use as needed.

Keep track of your knitting projects with this lovely paperback journal that you can use in several ways. * Theres room for photos and swatches for each project, and room to take notes about patterns. * You can refer back to your notes when you want to repeat a pattern. * Record who you gave your creations to and their reactions, and also avoid giving duplicate gifts. Best of all, you can look back over the years to view your accomplishments! This journal has

room for 33 projects, and has a handy index page. Size: 8 1/2" x 11".
