Nihon Vogue Sha : Knitting Patterns 500 before purchasing it in order to gage whether or not it would be worth my time, and all praised Knitting Patterns 500:

2 of 2 people found the following review helpful. Really gorgeousBy FreshSharkEggsHonestly I got this because I'm obsessed with Japanese pattern books. There are some gorgeous stitches in here. But you should REALLY get 1000 Knitting Patterns by T Soto - you will fall over it's GORGEOUS0 of 0 people found the following review helpful. A Stash of Stitches From JapanBy BarbaraAs it says, it's 500 knitting stitch patterns in Japanese. Some of the stitches will be familiar to you if you've ever looked in a stitch dictionary before, but many are new, and a lot of them are combinations I've never seen before. Some of the samples are hard to see because they were photographed using fuzzy

yarn, but overall the book is a real gem. My Japanese friend clued me into the pattern repeat/row repeat counts, which are displayed at the top right hand corner of the Japanese description of each stitch.

A large sized - Paperback - pattern book with 500 Knitting patterns, published in 2 text language editions :- Japanese Simplified Chinese Ship from USA in 24 hours
