I'm inspired to do all kinds of projects when I look through it. not being able to see inside prior to purchase, it was a gamble, and I'm quite pleased. I'm planning to use at least a few as embroidery patterns.1 of 1 people found the following review helpful. Steampunk Iron-On PatternsBy D.A. HastI'm interested in the art of Steam Punk. A fabulous archive of wearable art, this collection features more than 40 cool and witty images that will add a fashionable flair to clothes and other fabric items. Suitable for embellishing jackets, corsets, handbags, pillows, and other cloth surfaces, the easy-to-apply transfers feature stylized robots, blimps, clock faces, and a host of other mash-up motifs.
