Nathaniel Harris : Stories In Art: Mosaics (Stories Behind the Art) before purchasing it in order to gage whether or not it would be worth my time, and all praised Stories In Art: Mosaics (Stories Behind the Art):

Featuring six mosaics from around the world, this book explores different types of story, from historical recount in the Alexander Mosaic to film story in 'North by Northwest'. Each mosaic is looked at in detail, and a more general introduction to the medium provides a historical context. Step-by-step projects show children how to create their own mosaic masterpieces, using the techniques of the art form. Learn how to make a mosaic pen holder or photo frame and how to make a patterned place mat! The Stories in Art series explores the narratives told through different art mediums. A great introduction to the history of art for children at Key Stage 2.
