**Daniel : Stray Sock Sewing: Making One of a Kind Creatures from Socks** before purchasing it in order to gage whether or not it would be worth my time, and all praised Stray Sock Sewing: Making One of a Kind Creatures from Socks:

4 of 4 people found the following review helpful. I feel inspired!By Orange PoppyIf you are looking for a book with patterns to cut out and pin to a sock, this won't be the one for you (but then I don't know if you will find a sock doll book like that). What this book does have is really great photo instructions that show you how to cut up a sock and how to sew and stuff the dolls you make. It is really simple and I feel like a 10 year old (who knows basic hand

sewing) could understand the instructions. This book is a great way to inspire your creativity and your own imagination. There are lots of fun pictures to give you ideas to make your own original sock dolls. I find the book well written and laid out. The author has divided the book into three sections: 1 All about sock dolls. A menagerie of fun pictures of Daniel's sock doll creatures. It's definitely eye candy for the creative person. 2 The Basics of making sock dolls. This section includes some how-to sewing techniques. 3 Projects step-by-step. 3 of 3 people found the following review helpful. Great! By Becky This book is so cute and really good. The directions are clear and easy to understand, there are also nice clear pictures to help you get through the directions if you don't understand the text. There are tons of pictures to inspire you with other ideas besides the directions for the ones he gives you. I would recommend this to anyone who loves hand sewing crafts. Great for making gifts for kids!

Stray Sock Sewing is a lovable Asian-flavored craft book that blends how-to projects with a whimsical narrative. Eight step-by-step projects demonstrate how to make odd and endearing one-of-a-kind creatures from a variety of sock styles.

About the Author After spending 20 years in professional advertising, Dan Ta left the industry to become a full time artist. He is currently collaborating with a creative group based in Los Angeles to import and market his handmade sock dolls. He is also working on a sock doll character that will appear in an upcoming animated film.
