They are all fairly simple and seem to be not very difficult, even for me as a novice to intermediate knitter. I basically bought the book for the kitty hat, and I would say the book is worth it just for that because it is DARLING. The other patterns seem to be fairly similar to one another, just different lengths or with different color patterns, but it is pretty cute. A fun one to have in your pattern library.0 of 0 people found the following review helpful.
