3 of 9 people found the following review helpful. Tatting: A Contemporary Art FormBy Tattin'istaThis book..."Tatting:A Contemporaty Art Form" is shown on the .com as "The High Pile Rug Book"!!! Could this possibly be one of the reasons that when I ordered a specific Tatting Book that I ended up being sent a Vegetable Heaven recipe book from 2 seperate "sellers" and both times I received the same WRONG BOOK? Is it really that hard to read the title of the book and see that it is different than the order form before it is mailed out to the paying customer? E-gads!!! Come on let's get it right for once...PLEASE!!!
