Mandy Pattullo : Textile Collage: Using Collage Techniques in Textile Art before purchasing it in order to gage whether or not it would be worth my time, and all praised Textile Collage: Using Collage Techniques in Textile Art:

1 of 1 people found the following review helpful. Awesome pictures and descriptionsBy PamHouseholderARTFabulous book--lovely texture on the outside makes me want to pet it! Awesome pictures and descriptions, a book to look at over and over again!2 of 2 people found the following review helpful. Five StarsBy Patricia H.Great book lots of inspiration!0 of 0 people found the following review helpful. More of a virtual exhibit of collage art than a how to bookBy Cool KellyI liked it for inspiration, I think most advanced sewers can get an idea of how she did it, but that isn't this book's purpose. It reminds me of a nice catalog from an exhibit. I am keeping it.

Collage and textile work come together in an inspired collection of techniques and projects! When designer Mandy Pattullo weds collage with textile work, the result is a happy marriage of techniques. Mandy shows how to transform

those hoarded bits of fabric, trim, and memory-filled domestic textiles into something new and personal. From sourcing and unpicking found material to creating portraits with transferred images, and projects too, Textile Collage is a unique resource of creative ideas.

About the Author Mandy Pattullo trained as a surface pattern and textile designer and now is a textile artist, exhibiting her own work around the UK and also running textile and printmaking workshops. Her work is based on collage technique, and she makes a conscious effort not to buy new fabric; instead, she repurposes the range of beautiful existing pieces that can be found everywhere.
