Jane Freeman : The Art of the Miniature: Small Worlds and How to Make Them before purchasing it in order to gage whether or not it would be worth my time, and all praised The Art of the Miniature: Small Worlds and How to Make Them:

0 of 0 people found the following review helpful. Five StarsBy Leslie Ann BennisWonderful! Magical! Fantastic!3 of 3 people found the following review helpful. miniatures not just for dollhousesBy Miss PiggyI may never get to do any thing like the projects in this book, but it is soooo fun to look at. I love to pick out the different items in a scene and try and figure what the artist used to make a certain item. If you need inspiration this is a good book to get it.0 of 0 people found the following review helpful. Five StarsBy DivaInteresting

For anyone who adores the art of creating small things, The Art of the Miniature provides a treasure trove of practical techniques and ingenious approaches. In this captivating guide, noted artist Jane Freeman shows readers, step by step, how to use modified kit components and found and handmade objects to create intensely detailed miniature constructions. Readers will learn the entire process of creating a miniature room, structure, or landscape, from

selecting a container to choosing the subject, approach, and style. Page after page of wonderful, full-color examples display painstakingly accurate "portraits" of interiors and buildings (like a Hollywood studio and a trendy New York City retail store), imaginary opera sets (Don Giovanni, The Magic Flute) and even the studios of famous artists. The book also features the inspirational work of several other leading miniatures artists, including Susan Leopold, David Levinthal, Victoria and Richard MacKenzie-Childs, and Alan Wolfion.

About the Author Jane Freeman began her career as a painter but has made her reputation as a master miniaturist. She has created over 200 pieces in several ongoing series and also designs works for corporate and private collectors. She contributes regularly to Dollhouse Miniatures Magazine, and her work has been featured in many other magazines and newspapers including the New York Times
